1. Incident Name Brunswick East River Mystery Sheen	2. Operational Period (Date/Time) From: 03/01/21 00:00 To: 03/31/21 00:00	INCIDENT OBJECTIVES ICS 202-CG
3. Objective(s) Ensure the safety of all public, BERMS and St. Simons Sound IMT response personnel. Conduct efforts to effectively contain, clean up, recover and dispose of spilled product from each of the known discharge sites. Investigate to determine the path of discharge to conduct source control along the East River affected shoreline. Ensure coordination with EPA, GA DNR, St. Simons Sound IMT, and property owners of response activities. Provide stakeholders with details of response actions and concerns and issues Keep all key stakeholders and the media informed of response activities. Determine need for transfer of responsibility from Coast Guard FOSC to Potential Responsible Party or other government agency remediation program.

MER Crew	Varies depending on shift		3	BERMS Shoreline	<input type="checkbox"/>																
7. Work Assignments MER shall maintain the containment boom and conduct removal and disposal as necessary around each of the 3 known discharge locations at Ocean Petroleum, PAC COMM, and Georgia Port Authority properties. All removal, transportation and disposal operations shall be conducted in accordance with applicable local, state, and federal regulations. Boom shall be continuously monitored for efficacy and adjusted as necessary to maintain integrity of containment to prevent further discharge into the navigable waterway as practical.																					
8. Special Instructions 1. All communications for resource/task de-confliction shall be between the On-Water Recovery Supervisor and the Operations Section Chiefs. 2. Prior to conducting work on site, MER Crew shall contact the St. Simons Sound Incident Deputy Incident Commander. 3. MER Project Manager shall perform as the Safety Officer and ensure compliance for all MER employees and their sub-contractors IAW with their attached site specific Health and Safety Plan and 29 CFR 1910.120.

Tetra Tech Geologist	John Snyder	770-402-9013	6	Scotts Sons, Inc. to GPA Properties	<input type="checkbox"/>
7. Work Assignments Resolve Marine Group and their sub-contractor Tetra Tech will provide the following work across 4 affected properties along the East River shoreline (Scotts Sons Inc, Ocean Petroleum, PAC COMM, and Georgia Port Authority): 1. Conduct utility clearance at pre-determined boring locations. 2. Drilling to install 15 (permanent and some temporary) monitoring wells. 3. Conduct sampling of 22 monitoring wells to provide a ground water survey in an effort to identify source paths. This will help determine response tactics to potentially secure the discharge. 4. Determine waste stream and properly dispose of drilling waste IAW with applicable local, state, and federal regulations.					
8. Special Instructions 1. Work will be conducted from 08 March to 15 March 2021. On-site operations will be conducted from 1800-0600 hours during this time period. 2. All communications for resource/task de-confliction shall be between the On-Water Recovery Supervisor and the Operations Section Chiefs. 3. Prior to conducting work on site, Resolve/Tetra Tech crew shall contact the St. Simons Sound Incident Deputy Incident Commander for property access approval. 4. Resolve Project Manager shall perform as the Safety Officer and ensure compliance for all Resolve employees and their sub-contractors IAW with their attached site specific Health and Safety Plan and 29 CFR 1910.120. SSP shall include mitigation measures for operating at night.

1. Incident Name Brunswick East River Mystery Sheen	2. Prepared by: Matthew Spado Date: 02/22/2021 Time: 14:01	INCIDENT BRIEFING ICS 201-CG
3. Map/Sketch (include sketch, showing the total area of operations, the incident site/area, overflight results, trajectories, impacted shorelines, or other graphics depicting situational and response status)		
<p>The map shows an aerial view of a waterfront area. At the top, several streets are labeled: Grant St, George St, Oglethorpe St, Bay St, and London St. Below these, a large body of water is visible. Along the shoreline, several facilities are labeled: Mayors Point Terminal, Mayors Point, pac Comm Inc., Ocean Petroleum, and Scotts Sons Inc. The map also shows a large white building and a parking lot with several vehicles. A long, thin object, possibly a boat or a pier, extends into the water. The map is oriented with the water at the bottom and the land at the top.</p>
